Profile

Senior Front-End Developer with a strong focus on architecture and delivering high-performance scalable applications. Experienced in leading full project lifecycles across diverse domains including E-Commerce, Telemedicine, and Event Management. Proficient in Angular (SSR, NgRx, RxJS, Signals) as a primary framework, with hands-on production experience in Next.js and React.js. Skilled in building real-time features via WebSockets, multilingual interfaces (RTL/LTR), and clean scalable architecture across multiple live platforms.

Experience

Alyaqeen Technology **Alexandria, Egypt**
Senior Front-End Developer *06/2025 – Present*

- **Technical Leadership:** Orchestrating the front-end lifecycle, architecting a scalable platform using modern Angular 17+, and conducting rigorous code reviews to enforce strict clean code standards.
- **E-Commerce Tires Platform** (tires.elsabaawy.com): Engineered a full tire-sales solution featuring real-time support via WebSockets, optimized JWT & Google OAuth flows, and implemented complex multilingual UI (RTL/LTR) with SSR.
- **Tires Management Dashboard:** Built an enterprise-grade dashboard utilizing Chart.js for real-time analytics, role-based access control (RBAC), and dynamic theme switching.
- **Event Management System (Alyaqeen):** Developed complex modules for event creation and ticketing using Angular + PrimeNG, ensuring secure authentication and real-time data updates.
- **EasyMed Telemedicine Dashboard:** Built the dashboard from scratch using **Next.js**, Shadcn/UI, and WebSockets, delivering real-time patient-doctor communication and a fully responsive medical management interface.

Alyaqeen Technology **Alexandria, Egypt**
Mid-Level Front-End Developer *05/2025 – 06/2025*

- ***Promoted to Senior role after just 2 months due to exceptional architectural contributions and leadership potential.***
- Established immediate technical impact by refactoring legacy code into scalable Angular patterns and mentoring junior developers on RxJS best practices.

Artovia E-commerce **Remote**
Front-End Developer (Contract) *01/2025 – 03/2025*

- Architected a modern e-commerce platform leveraging **Angular Standalone Components** and signal-based inputs.
- Implemented robust token-based authentication, lazy loading strategies, and state management using **NgRx**.
- Delivered a fully responsive, bilingual (Arabic/English) interface optimized with `NgOptimizedImage` for Core Web Vitals.

Technical Skills

- **Frontend:** Angular (SSR, NgRx, RxJS, Signals, Guards, Directives, Resolver), React.js (Hooks, Context API, TanStack Query), Next.js (SSR, App Router, Middleware)
- **Architecture:** Clean Architecture, SOLID, Performance Optimization, Change Detection Strategy, Scalable Structure
- **Backend:** Node.js, Express.js, REST APIs, SQL, MySQL, MongoDB, Sequelize, Mongoose, JWT
- **Languages:** TypeScript, JavaScript (ES6+)
- **UI:** TailwindCSS, PrimeNG, Angular Material, Shadcn/UI, Bootstrap
- **Testing:** Unit Testing, Jasmine, Karma
- **Tooling:** Git, Husky, Docker, Swagger, Postman, Nx Monorepo (basics)
- **Workflow:** Agile, Scrum, Jira, Trello

Education

Route IT Training Center **Alexandria, Egypt**
Front-End Development Diploma *07/2022 – 11/2022*

Al-Azhar University **Cairo, Egypt**
Bachelor's in Islamic & Arabic Studies *2019 – 2026 (Expected)*
(Flexible attendance schedule; Available for full-time work)

Certificates

English Language (C1) – Modli Alex | **Agile Software Development** – LinkedIn Learning | **Critical Thinking** – LinkedIn Learning

Languages

Arabic: Native | **English:** C1 (Advanced)
